

Hon. V.S. Sirpurkr, C.J.
Hon. Irshad Hussain, J.

Heard Mr. V.K.Bisht, Senior Advocate i/b Mr. Arvind Vashistha, learned counsel for the petitioner, Mr. N.C.Gupta, learned Standing Counsel and Mr. Sharad Sharma, learned counsel for the respondent no.2.

We do not think that this writ petition deserves admission. What is pleaded in this writ petition is that though originally some place in the city of Almora was selected for the construction of Courts, now that place has been shifted about 4-5 kms. away from Almora, near Collectorate.

It is admitted position that foundation stone laying ceremony is already over. The money has already been transferred from the Judicial Department to the Public Works Department and the work would start immediately. Under such circumstances, it will be hazardous to put the clock back and insist upon the construction of Court in the city of Almora, which is reported to be growing every day. It is also reported to be busy city. In that view, we do not think that there would be any point in entertaining the writ petition.

Writ petition is dismissed accordingly.
